One year ago McFarland was the universally trusted, and as widely respected teller of the Second National Bank. No man in the community stood higher in public estimation. On Sunday, Janpary 31st, 1897, it was made public that he was a defaulter to the then known extent of \$48,000. Since that time the amount of the defalcation has grown some. The news came like a stroke of lightning and with it came the knowledge that his misappropriations of money had been most cleverly concealed for a course of years.

The bank withstood well the temporary run made on it, and financial circles were disturbed but little.

City Solicitor Richards received Tueslay a telephone communication from Mr. J. E. Mayhew, in regard to the \$1,000 cash forfeit which Council will require before granting a telephone franchise to any more companies. Mr. Mayhew stated that the stipulation was not satisfactory to the company which he represents, but that he would consult with them further. Council appears to mean business and will stick to the \$1,000 requirement.

Children's Party.

At Mr. George Blake's last evening occurred an unusually pleasant party in honor of Miss Alice Blake. The event was a colonial party with George Washington a conspicuous figure-the character being taken by little Kent

The Blake residence was very pretday, and the little people enjoyed themselves hugely.

The next lecture will be held this Wednesday afternoon at the Relic Room, Front street.

No Meeting of Council.

Nine members of Council were present at the Council chamber Tuesday evening, but adjourned without transacting any business. This was done on account of the day being a legal holiday, which would probably invalidate any action taken. A meeting will be held Thursday evening.

THE GLAD HAND.

Marietta Extends a Hearty Wel-come-Our Citizens Show Appreclation in Public Utterances

Lack of appreciation is not a failing of our citizens, and the advent of the "little conqueror" was received with the same display of enthusiasm that has spread all over the Union. Coming like a ray of sunshine to every household, raising burdens that many backs have borne for years, is enough to awaken the public to praise the like of which has never before been heard in this locality. From every ward in this locality. From every ward, from every street comes the same report. Failure is an unknown quanti-ty as far as the little conqueror is concerned and success follows in every footstep. Right here at home the tri-umphs have been many, and have set our people talking about the wondrous workings. The following case in point should interest every reader and it is only one among thousands.

Mrs. D. R. Parker, of Harmar street,

says: "My back was weak for years, but during the last three I endured all the symptoms of kidney disease, suffering terribly with a dull, lingering pain in the loins, and acute pains if I stooped or lifted anything. My father, Mr. E. F. Longley, had kidney complaint for years and used Doan's Kidney Pills and be thinke there is nothing. and he thinks there is nothing like them. Acting on his advice I got a box at W. H. Styer's dung store and used them. I must say that I found them very beneficial and believe every one will do well to give a box a trial if suffering with disease of the kidneys."

The Terror About Finished.

Washington, Feb. 22.-In explanation of the order given Monday to the Norfolk navy yard officials to have the Terror in condition for service, Secretary Long said this order had been given to replace the Maine, it being deemed desirable that the armored fleet should not fall below a certain number. There was very little work to be done on the Terror, and 48 hours should suffice to finish it. The Terror is our most powerful double turreted monitor, and although not as effective a sea boat as a battleship, in the smooth waters of the harbor she would probably be able to hold her own against almost any craft.
